Why Citifix

We are the leaders in manufacturing and supplying of a wide range of tile adhesive cement and grout. Our products are processed using latest technology and high quality chemical compounds in compliance with defined industry norms. these products are known for their purity, accurate composition and tamper proof packing. We provide these products to our clients in various packaging options at market friendly price.

Our Products

Citifix Tile Adhesive Formulated dry cementitious based single component tile adhesive mortar that is mixed with water to form a consistent paste for problem free tile installation.

Citifix Grout is specially formulated cement based solution designed to point tile joint up to width of 3mm on walls and floor. It has very high resistance to shrinkage and has been modified or use in areas that are permanently wet.

Our Products

Citifix Granite adhesive is a cement-base tile adhesive with improved characteristics, with a special bonding that makes it perfect for porcelain, granite, big tiles, swimming pools and other non-porous tiles

Citifix waterproof is a powder used for waterproofing of concrete and sand cement mortar used in basements, roof slabs, balconies and bathrooms.
